Run & Walk

10K

The route starts even with the middle of the farmers' market pavilion in the alley (Edington St). It goes south a block and then turns left on Plaza Square toward Main Street. The route follows Main Street south to Vineland School Road and continues to the entrance to Vineland School. Follow the drive around the front of the school and hook right around the gym. The first turnaround should be right there by the grape arbor.

The runners then continue to backtrack along their route and return to Main and Miller. At this point, cross the tracks and head south on East Main Street/DeWitt. Continue south to the pedestrian bridge and enter Walther Park. Continue on the road through the park until the second turnaround, which is near the chain length baseball fence in the park.

After the turnaround, head north back through the park and retrace your steps back to Miller and Main. Continue north on Main. Again, cut one block west at Plaza Square to finish up on the west side of the farmers' market pavilion.
